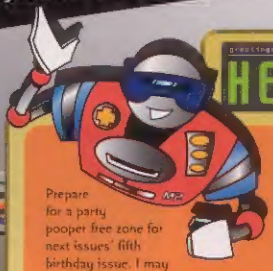
Paper Specification RECYCLED



greetings

HEY BOOMERS!

Prepare for a party pooper free zone for next issues' fifth birthday issue. I may hire a bouncer for the event to keep out anyone not quite up to the mark. That way I could enjoy the event without laying eyes on the editorial humes! See below for more info - but first, here's what's happening this issue ...

Sonic's having his worst Mobius nightmare involving Robotnik and his latest insane plan. Find out why he feels (and looks) so strange in the final exciting episode of **Robotnik Reigns Supreme**.

Tails teams up with Detective Harry Mole at the Museum of Arty Art where a priceless exhibit has gone astray. Will the culprit be caught? Find out in **Clear As Mud!**

Chuck, Igor and Head turn up the heat in Decap Attack's **Dungeon** story. More trouble at Castle Frank N Stein? Well, it wouldn't be Decap Attack if everything ran smoothly now, would it?

Plus, there's **Fights, Camera, Action** with Amy and Tekno when they encounter a corny film producer. As well as all this, you get a **Screen Idol Graphic Zone**, and a drip dry **Sonic Pin-Up** for your trouble and your wall.

So, join me in two weeks time for top ranking entertainment in the fifth birthday bash issue!

IN A SPIN

Dear Megadroid,

I recently thought about Sonic's Superspin and there's something bothering me. I chose to ask you as it seems you know everything about Sonic. OK, here's the scene - when Sonic's in a superspin, he curls up into a ball and travels at 2,000 miles per hour. So how does he know where he's going as surely the world must become a blur to him?

Eleanor Potter,
Market Lavington, Wiltshire.
Enamel Badge Prize Winner.

No more of a blur than it is to the rest of us, Eleanor! Actually Sonic approaches each spin with extreme skill and judgement. In this area, he thinks before taking action.

[illegible]

Dear STC,

I would like to know why you don't have some [illegible] the Teletubbies or Dennis the Menace?

Lee Adams,
Basildon, Essex.
Enamel Badge Prize Winner.

But Lee, STC has its very own [illegible] troublemaker. No, I don't mean one of the [illegible] talking about that old rogue himself, Doctor Robotnik!

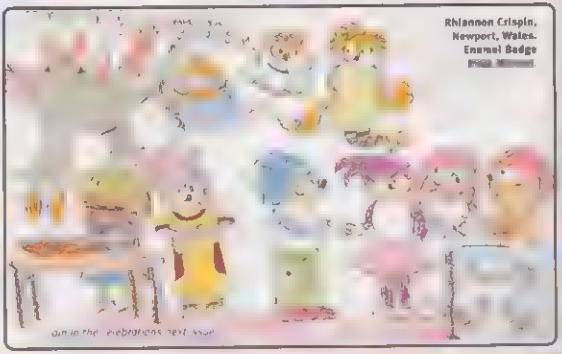
BIRTHDAY BINGE

Dear Megadroid,

Richard Elson is my favourite artist, but I wish he wouldn't just do Sonic strips in the comic. I think he should do a Knuckles strip for once, since he hasn't drawn one for a very long time!

Steven Stanley,
Maidstone, Kent.
Enamel Badge Prize Winner.

You'll get to gorge yourself in next issue's birthday extravaganza, Steven. Richard Elson is the artist on three of the comic strip stories, including a five pager starring Knuckles. How's that for a surprise special birthday treat!



Rhiannon Crispin,
Newport, Wales.
Enamel Badge Prize Winner.

Join in the celebrations next issue.
